1. Overview

1.1. What is The Vault?

The Vault is essentially the Admin section of Comply. From here the Admin Users can Manage all users access to Comply. This includes all set up and access provisions for:

- Companies
- Staff
- Partners

1.2. What is the Partner Vault?

This is essentially a Vault section exclusively designated to a specific Partner. The user(s) assigned as Admin User here, can View/Manage only the Companies and Users relevant to the Partners organisation.

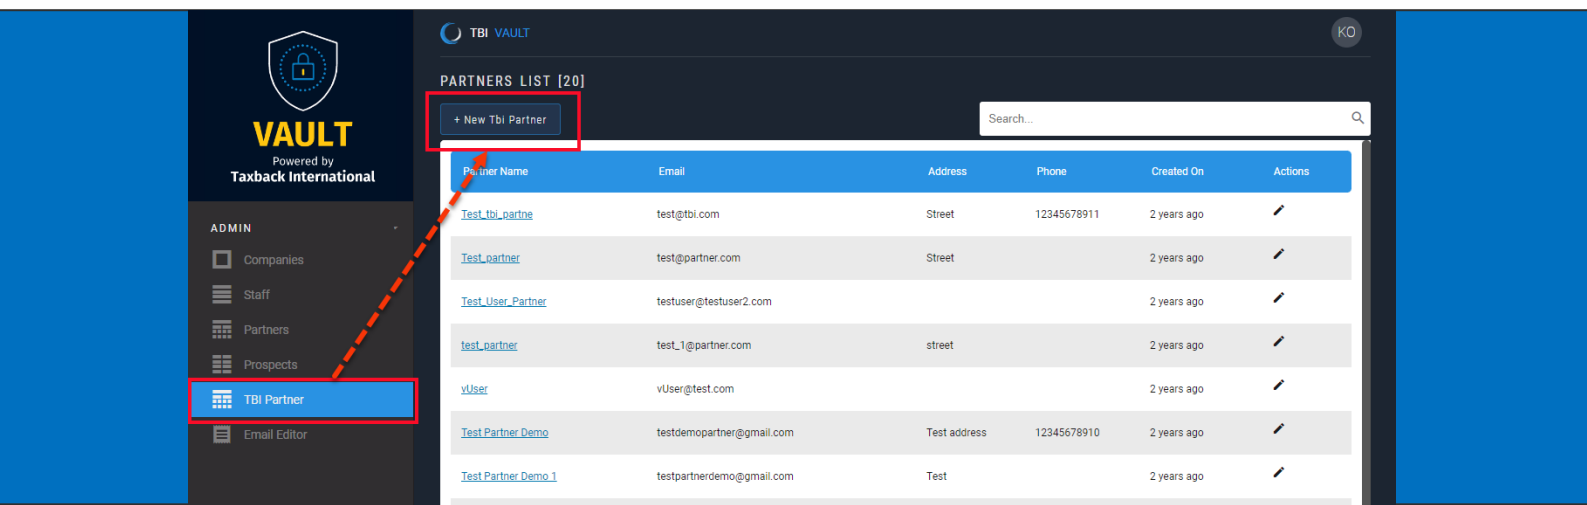

Each Partner organisation is created in the main TBI Vault by TBI Staff and is assigned access to their own Partner Vault URL with its own login credentials.

2. Creating a New TBI Partner

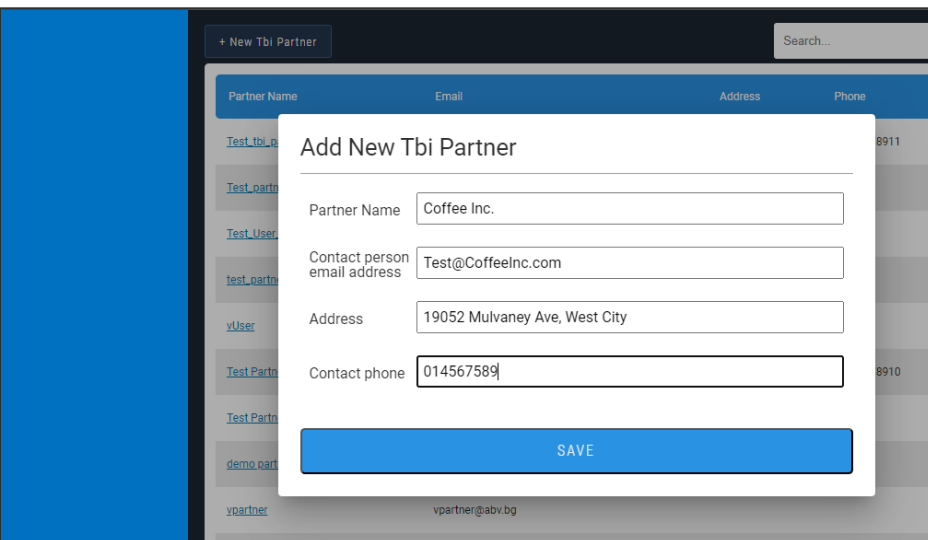

Please Note:

This is performed only by TBI Admin staff on behalf of the Partner.

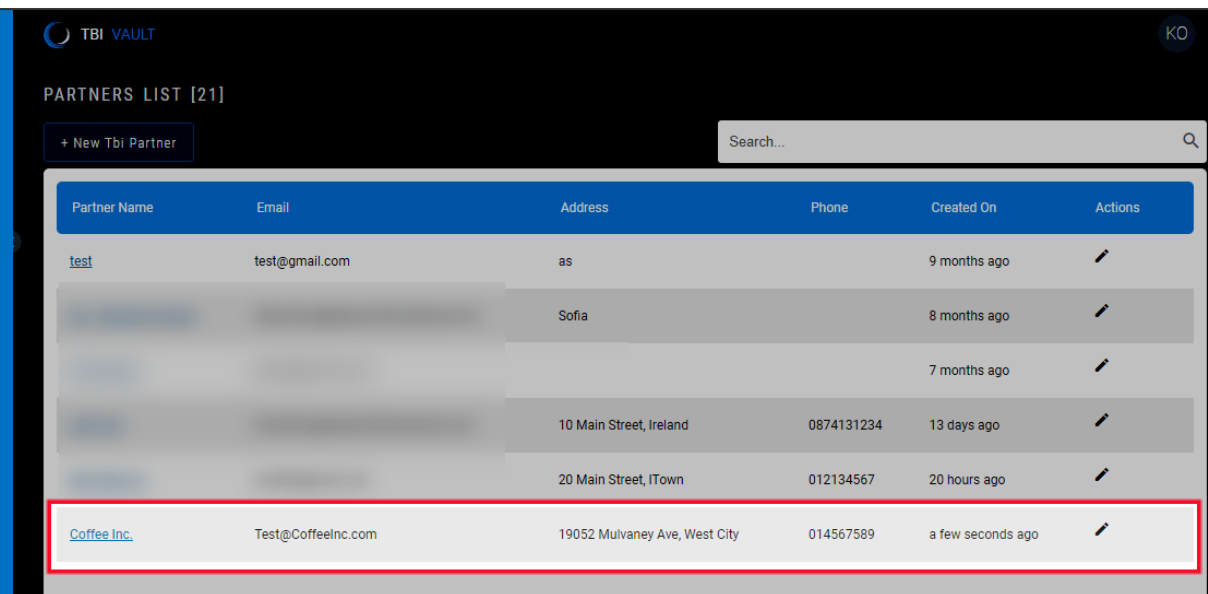

2.1. New TBI Partner

1. The TBI Admin User logs into the Vault.
2. Click on **TBI Partner**.
3. Click **+ New TBI Partner**.

The New Partner is now set up within the TBI Partner List.

Partner Name	Email	Address	Phone	Created On	Actions
test	test@gmail.com	as		9 months ago	
		Sofia		8 months ago	
				7 months ago	
		10 Main Street, Ireland	0874131234	13 days ago	
		20 Main Street, ITown	012134567	20 hours ago	
Coffee Inc.	Test@Coffeelnc.com	19052 Mulvaney Ave, West City	014567589	a few seconds ago	

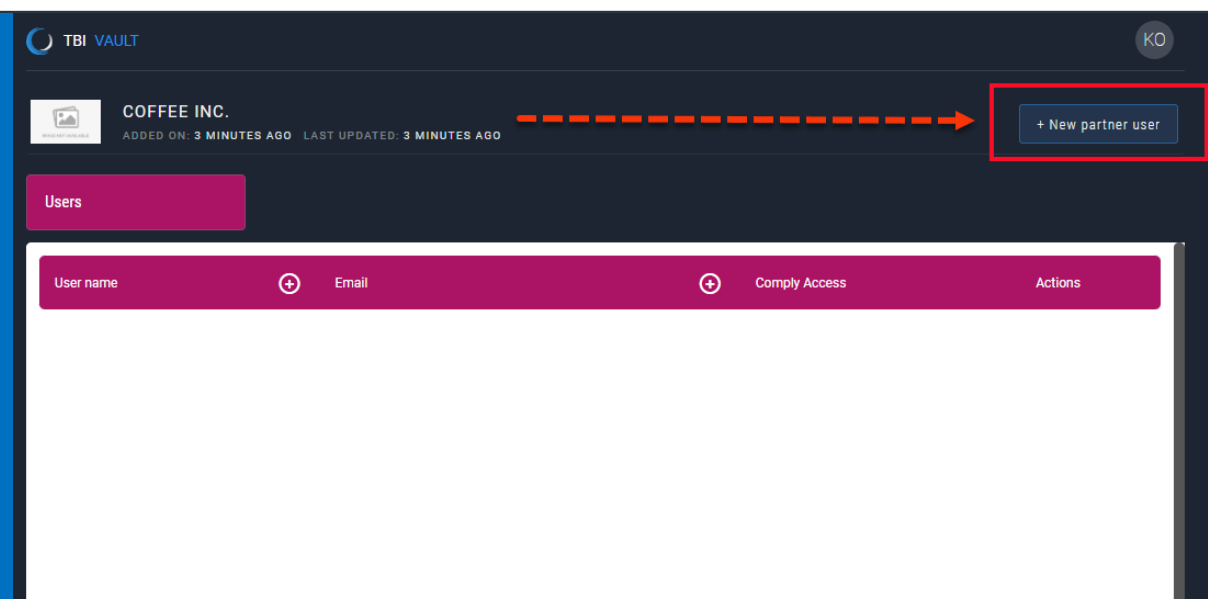

2.2. New Partner User

Please Note:

This is also performed only by TBI Admin staff on behalf of the Partner.

The TBI Admin user then creates the relevant Partner User(s). To do this:

1. Click on the Partner Name in the TBI Partner list.
2. Click **+ New Partner User**.

COFFEE INC.
ADDED ON: 3 MINUTES AGO LAST UPDATED: 3 MINUTES AGO

[+ New partner user](#)

Users

User name	Email	Comply Access	Actions
-----------	-------	---------------	---------

3. Add the required data.

The screenshot shows the 'COFFEE INC.' section of the TBI Vault interface. A modal window titled 'Add New Tbi Partner User' is open, displaying input fields for 'Name' (James Smith) and 'Email' (Trainingtesters16@gmail.com). A blue 'SAVE' button is at the bottom of the modal. The background interface includes a 'Users' tab and a table header with columns: 'User name', 'Email', 'Comply Access', and 'Actions'.

4. Click Save. Now the Partner user is created.

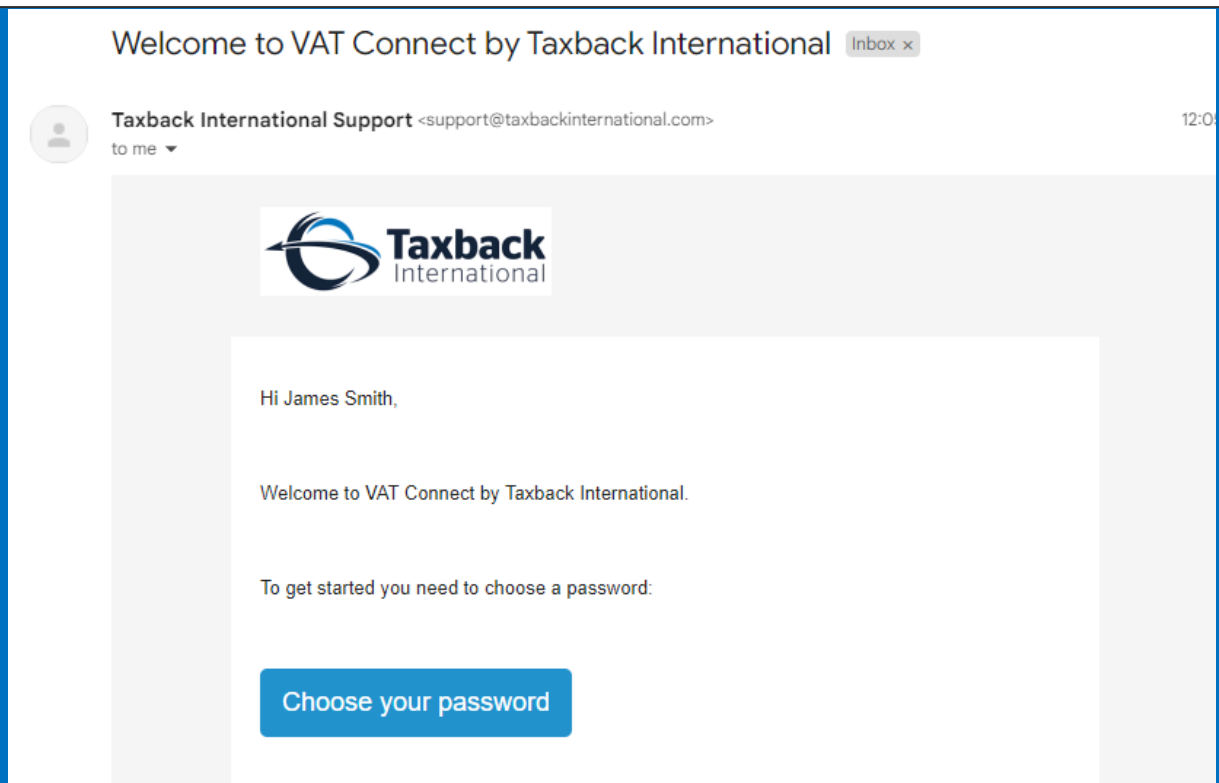

The screenshot shows the 'COFFEE INC.' section of the TBI Vault interface. A '+ New partner user' button is visible in the top right. The 'Users' tab is active, and a table displays the newly created user. The table has columns: 'User name', 'Email', 'Comply Access', and 'Actions'.

User name	Email	Comply Access	Actions
James Smith	trainingtesters16@gmail.com	Standard User ☐ Admin	☒

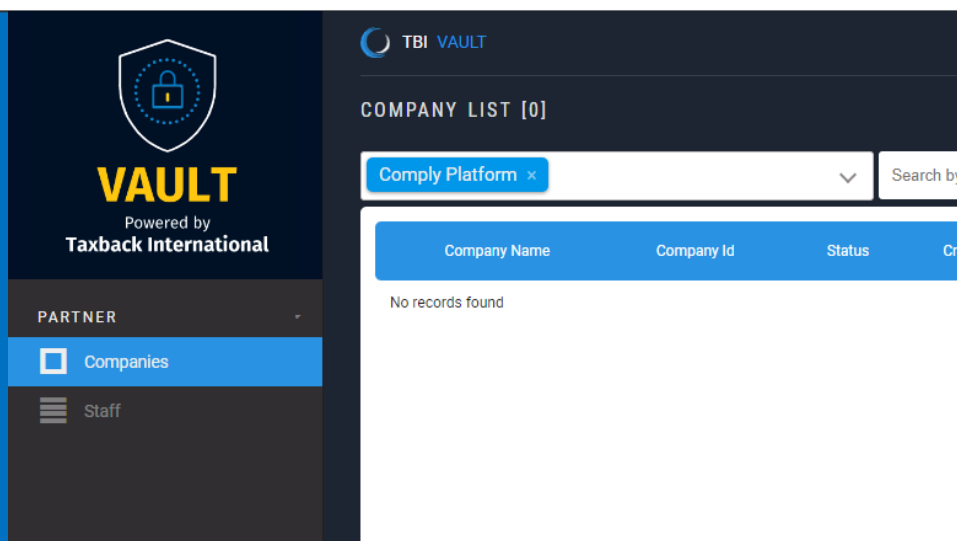

5. Ensure the new user is set to Admin using the Toggle Switch.

2.2.1. Partner User Welcome Email

The Partner User is automatically sent a Welcome Email requiring them to Choose a New Password for Comply.

Once complete the Partner User can then login to their Partner Vault.

3. The Partner Vault

Please Note:

This area is managed by the Partner Admin User

The Partner Vault has 2 menu options:

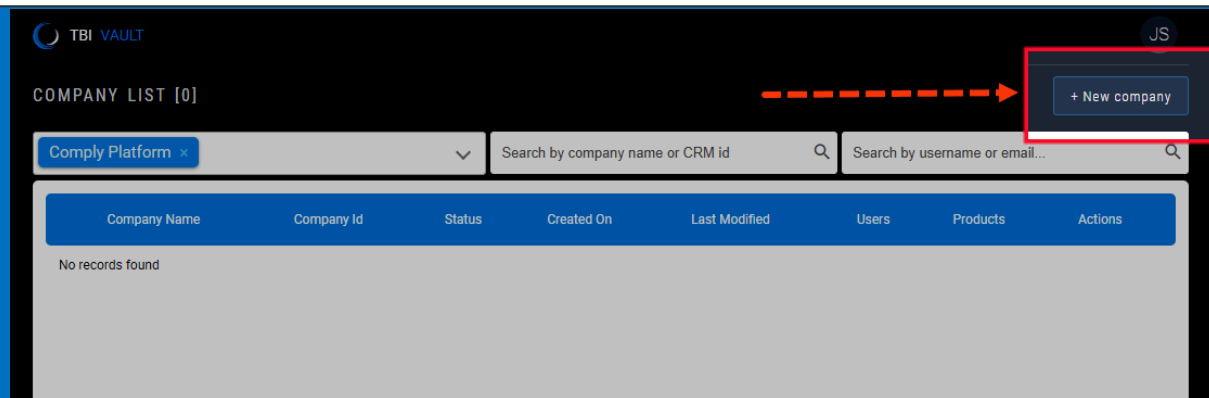

- Companies
- Staff

3.1. Companies

Once created, this view will display a list of all Companies created for that Partner.

3.1.1. Add a New Company

1. Click the **+ New Company** button.

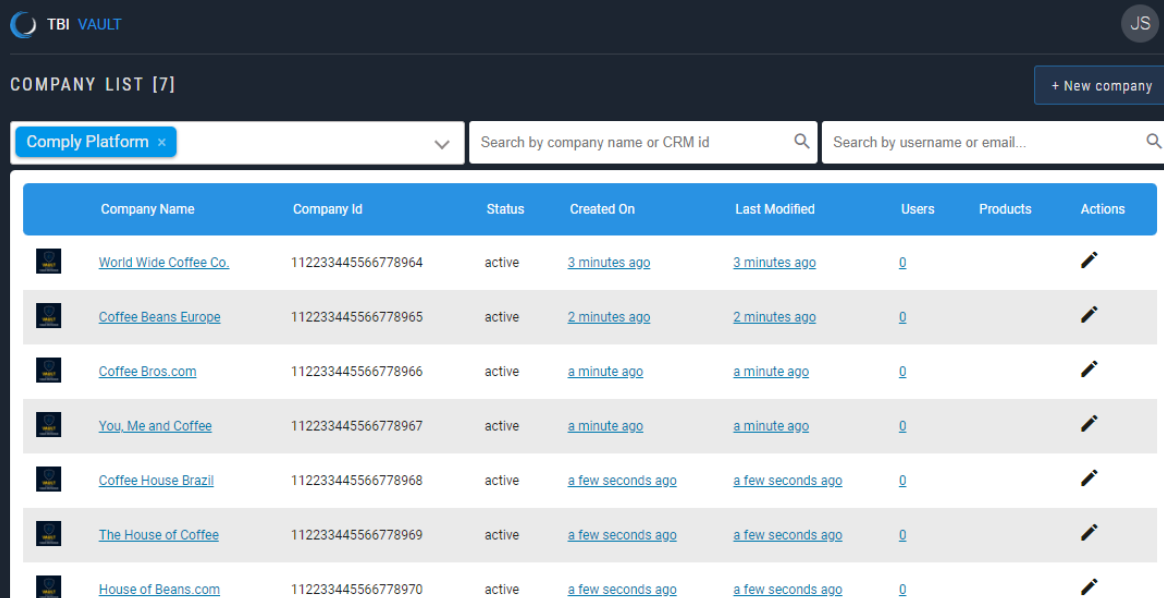

2. Add the new company name in the **Client Name** field.
3. Click **Save**.

The screenshot shows the 'Add a New Company' form. It has a title 'Add a New Company'. Below the title, there are two fields: 'Client Name' with the value 'World Wide Coffee Co.' and 'Products' with a dropdown menu showing 'Comply Platform'. At the bottom of the form is a large blue button labeled 'SAVE'.

Repeat this step until all relevant Companies have been set up.

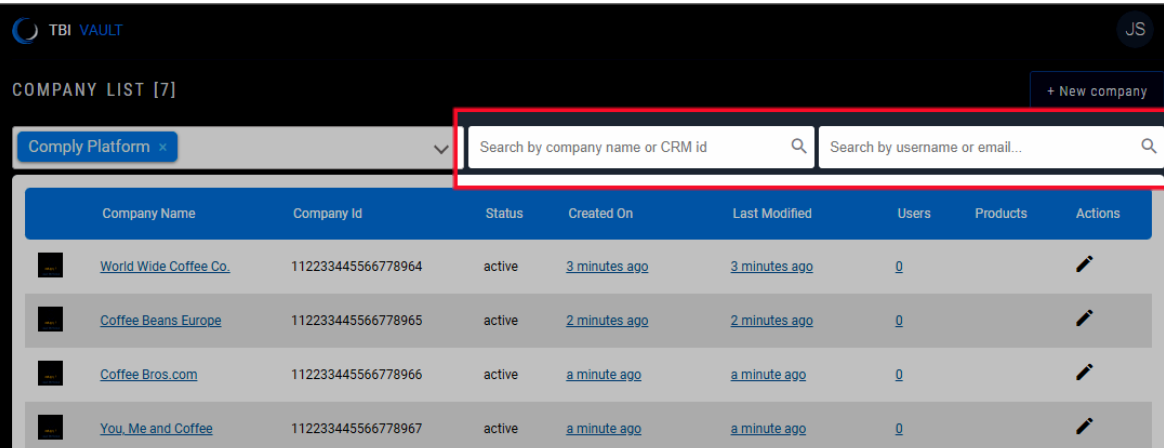

E.g.

Company Name	Company Id	Status	Created On	Last Modified	Users	Products	Actions
 World Wide Coffee Co.	112233445566778964	active	3 minutes ago	3 minutes ago	0		
 Coffee Beans Europe	112233445566778965	active	2 minutes ago	2 minutes ago	0		
 Coffee Bros.com	112233445566778966	active	a minute ago	a minute ago	0		
 You, Me and Coffee	112233445566778967	active	a minute ago	a minute ago	0		
 Coffee House Brazil	112233445566778968	active	a few seconds ago	a few seconds ago	0		
 The House of Coffee	112233445566778969	active	a few seconds ago	a few seconds ago	0		
 House of Beans.com	112233445566778970	active	a few seconds ago	a few seconds ago	0		

3.1.2. Filter the View

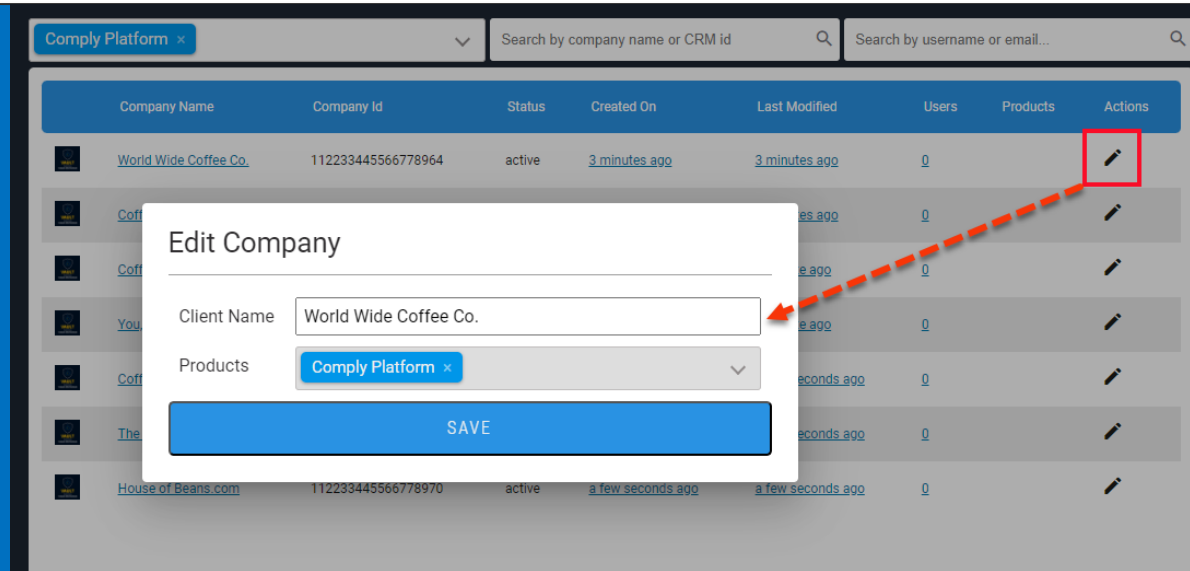

The Companies List can be filtered by Company Name/CRM ID/Username/Email.

Company Name	Company Id	Status	Created On	Last Modified	Users	Products	Actions
 World Wide Coffee Co.	112233445566778964	active	3 minutes ago	3 minutes ago	0		
 Coffee Beans Europe	112233445566778965	active	2 minutes ago	2 minutes ago	0		
 Coffee Bros.com	112233445566778966	active	a minute ago	a minute ago	0		
 You, Me and Coffee	112233445566778967	active	a minute ago	a minute ago	0		

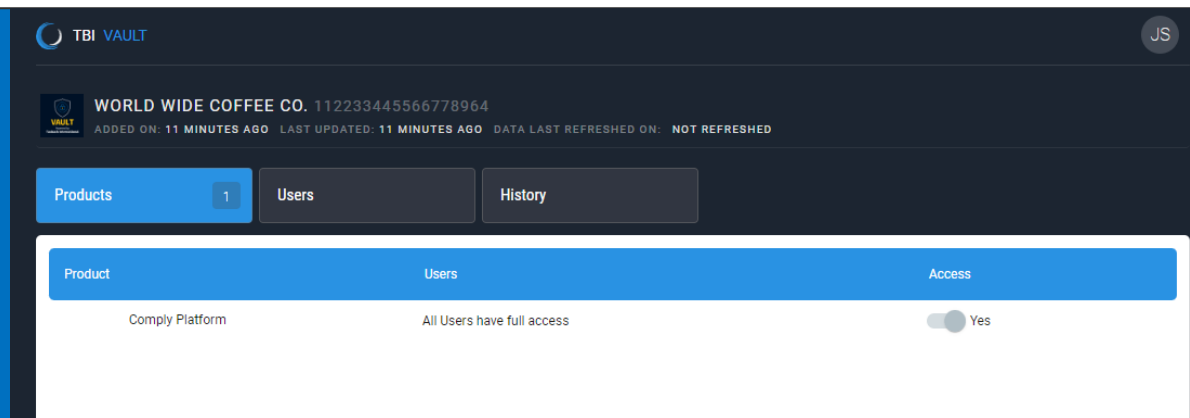

3.1.3. Edit A Company

The admin user can also Edit company details using the Pencil Icon. This allows them to Edit the Company Name only.

3.1.4. View Company

Click on any Company Name link from the list to Open/View the Company Details.

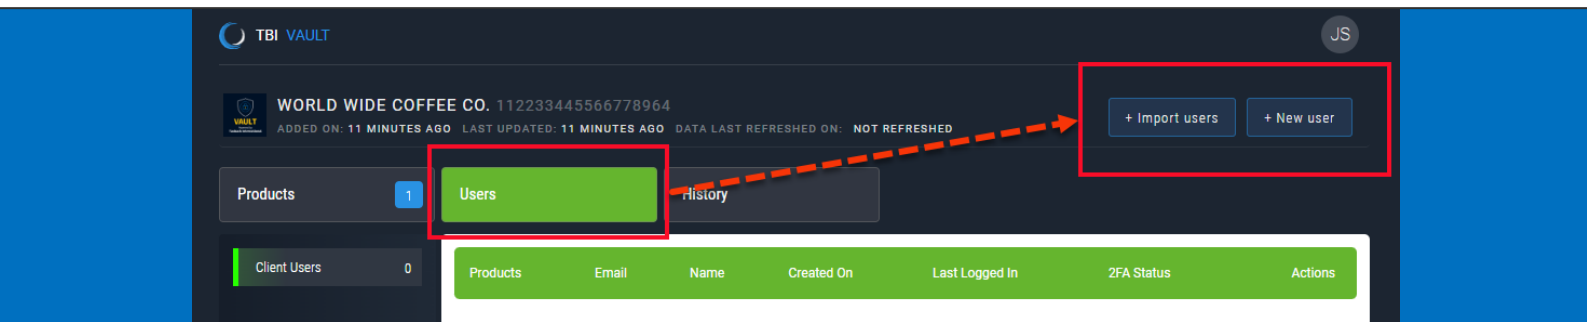

Here the user has 3 Tabs from which they can view specific details/perform certain tasks:

1. **Product** - Comply Platform Access, the user can toggle Yes/No if they wish for Comply to be available or not for all users.
2. **Users** - This is a list of all Users for that Company - Here the user can Edit/Create new users.
3. **History** - This is an audit trail for the company.

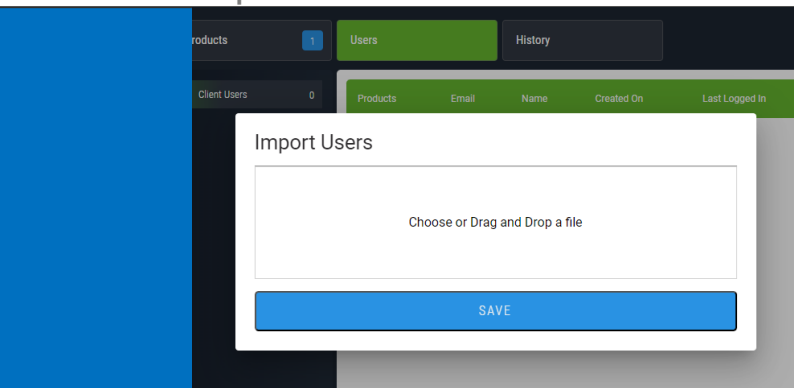

3.1.5. Add New Company Users

The user can add Users in that Company who will have access to Comply. They can be added by:

- + Import Users – Bulk Upload via Excel File.
- + New User – Individual User.

Import Users:

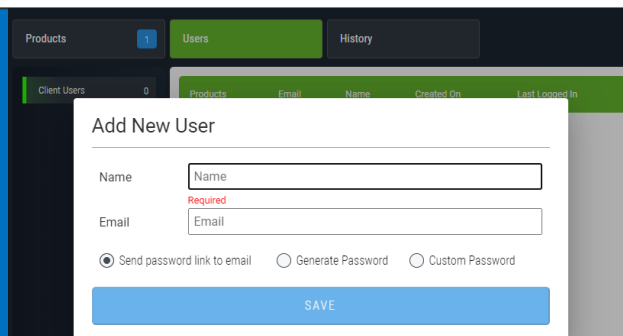

This allows the user to **Bulk Upload** new users for that specific company. The user can:

- Click to choose a file.
- Drag and Drop a preconfigured file.

Add New User:

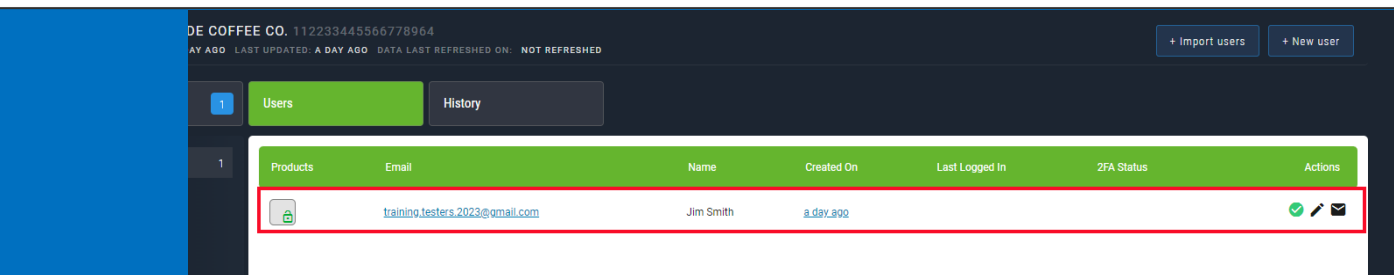

This allows the user to add an individual new user to that specific Company.

3.1.6. Edit Company User

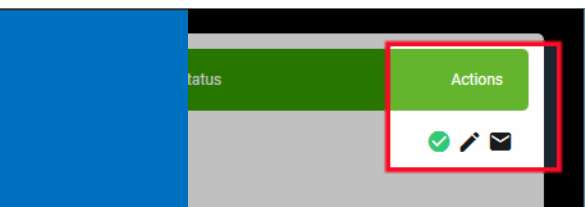

In the Users tab, a list of all comply users for that company is displayed. Each line item consists of:

- Email Address
- Full Name
- Created Date
- Last Logged In Date
- 2FA Status (2 Factor Authentication)
- Actions

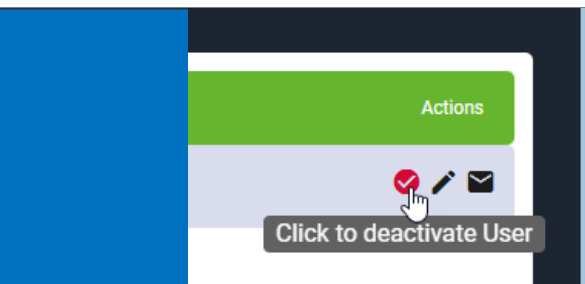

Products	Email	Name	Created On	Last Logged In	2FA Status	Actions
	training.testers.2023@gmail.com	Jim Smith	a_day_ago			

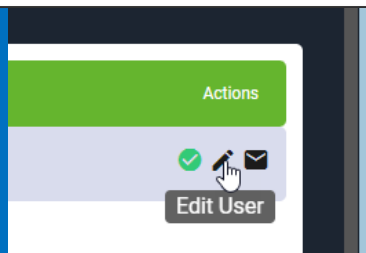

The 3 Action Icons allow the user to Edit/Perform certain functions relating to that Company User.

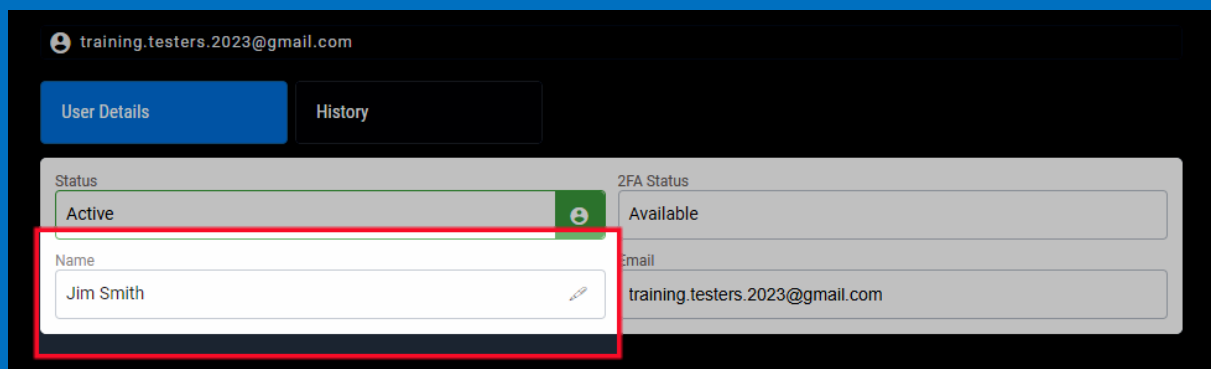

- Activate/Deactivate User

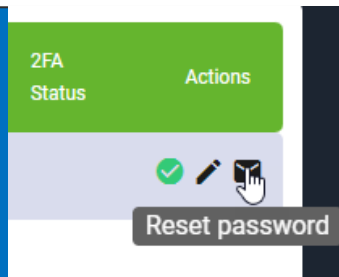

- Edit User

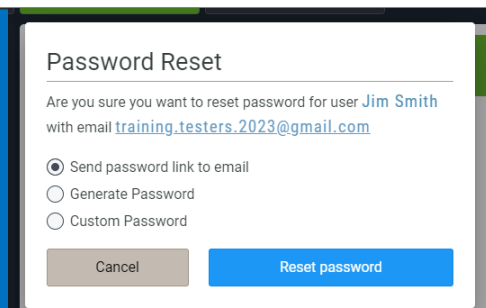

Clicking this allows only the Editing of the Name field.

- Reset Password

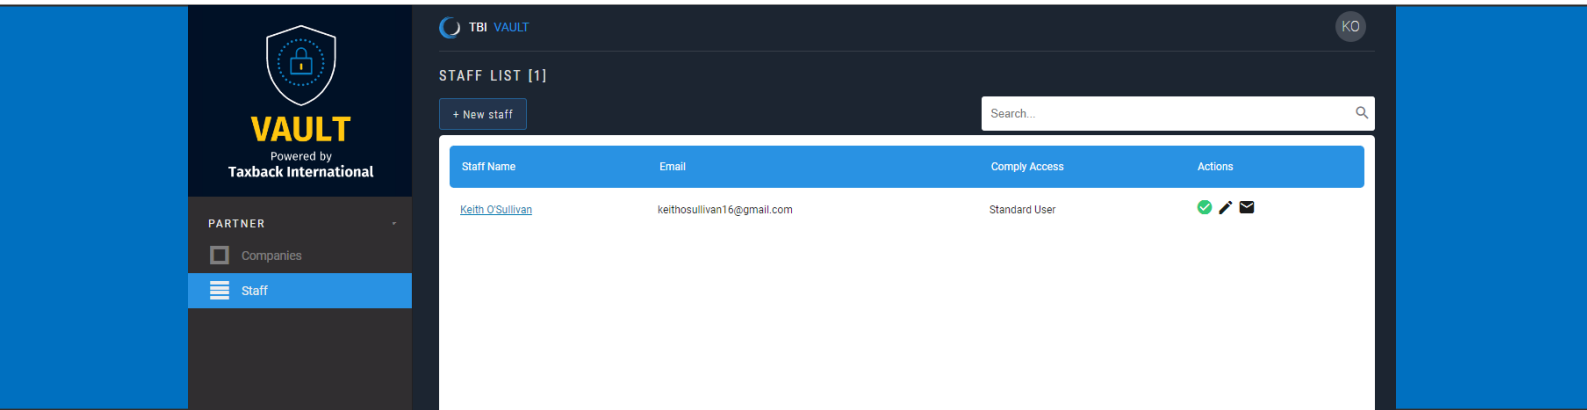

This is used to perform a Password Reset for that Company User.

4. Add/Manage Partner Staff

From here, and Admin user can also Add/Manage employees of the Partner Organisation.

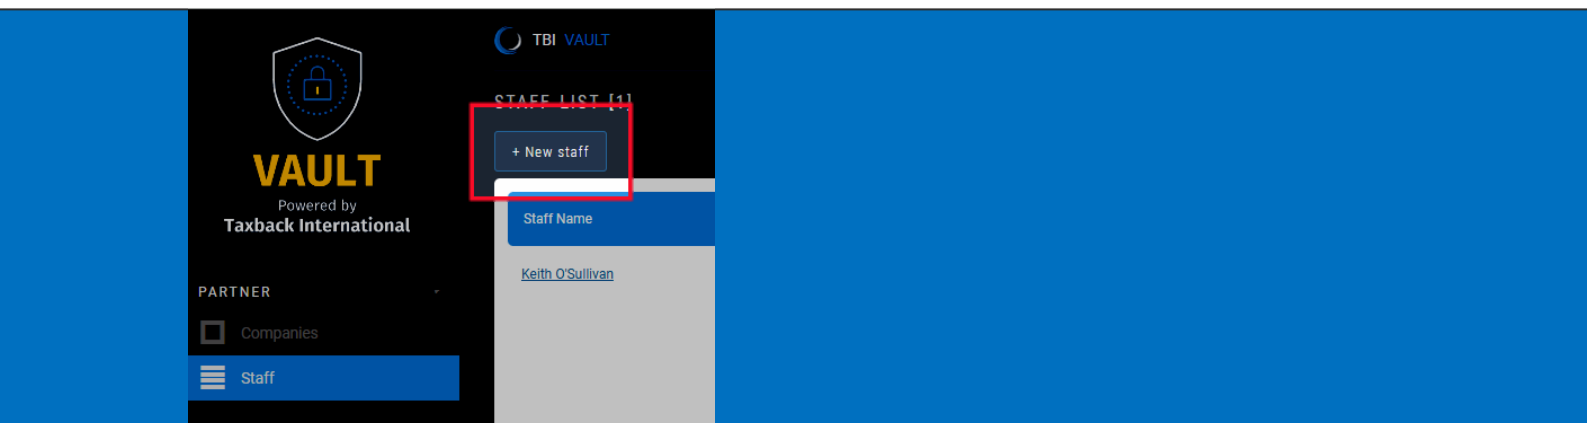

This **Staff** menu option is used to **View and Manage Partner specific employees** and their access to Comply.

Each row in the Staff List consists of:

- Staff Name
- Email Address
- Comply Access Type
- Actions options

4.1. Add New Staff

Here you can add new Partner staff.

The user must then enter the new users **Name** and **Email Address**.

The screenshot shows the 'Add New Staff' modal form. It has a title 'Add New Staff' and two input fields: 'Name' and 'Email'. The 'Name' field has a placeholder 'Name' and a red 'Required' label below it. The 'Email' field has a placeholder 'Email'. Below the fields is a blue 'SAVE' button. In the background, a table lists staff members with columns 'Staff Name', 'Email', and 'Comply Access'. One entry is visible: 'Keith O'Sullivan' with email 'keithosullivan16@gmail.com' and access 'Standard User'.

4.2. Manage Partner User

Once the list of Partner Users is created, an Admin User can Edit/Manage each user as required using the Edit options.

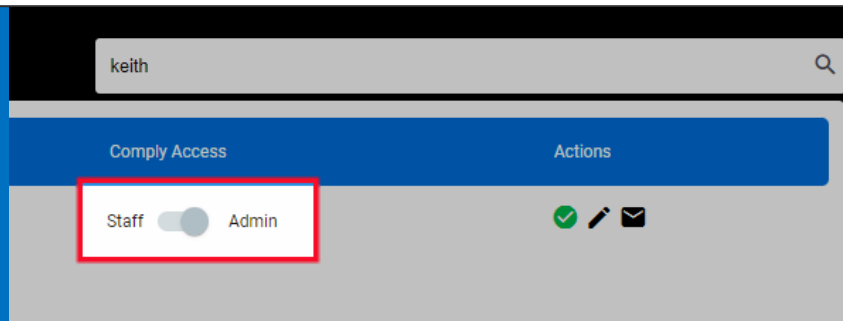

The screenshot shows the 'STAFF LIST' table. It has columns 'Staff Name', 'Email', 'Comply Access', and 'Actions'. One entry is visible: 'Keith O'Sullivan' with email 'kosullivan@taxbackinternational.com'. The 'Comply Access' column shows a toggle switch labeled 'Staff' and 'Admin'. The 'Actions' column has icons for a checkmark, edit, and delete. A red box highlights the 'Staff' toggle and the 'Actions' icons.

4.2.1. Comply Access Type

Each Partner User can be assigned as either:

- Standard User
- Admin User

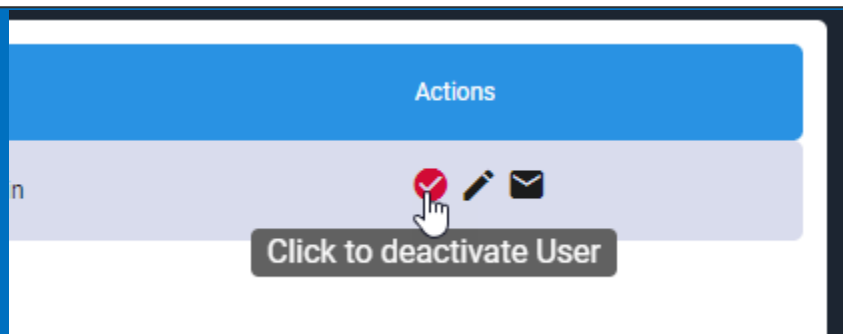

Use the Toggle Switch to select/change the users access type.

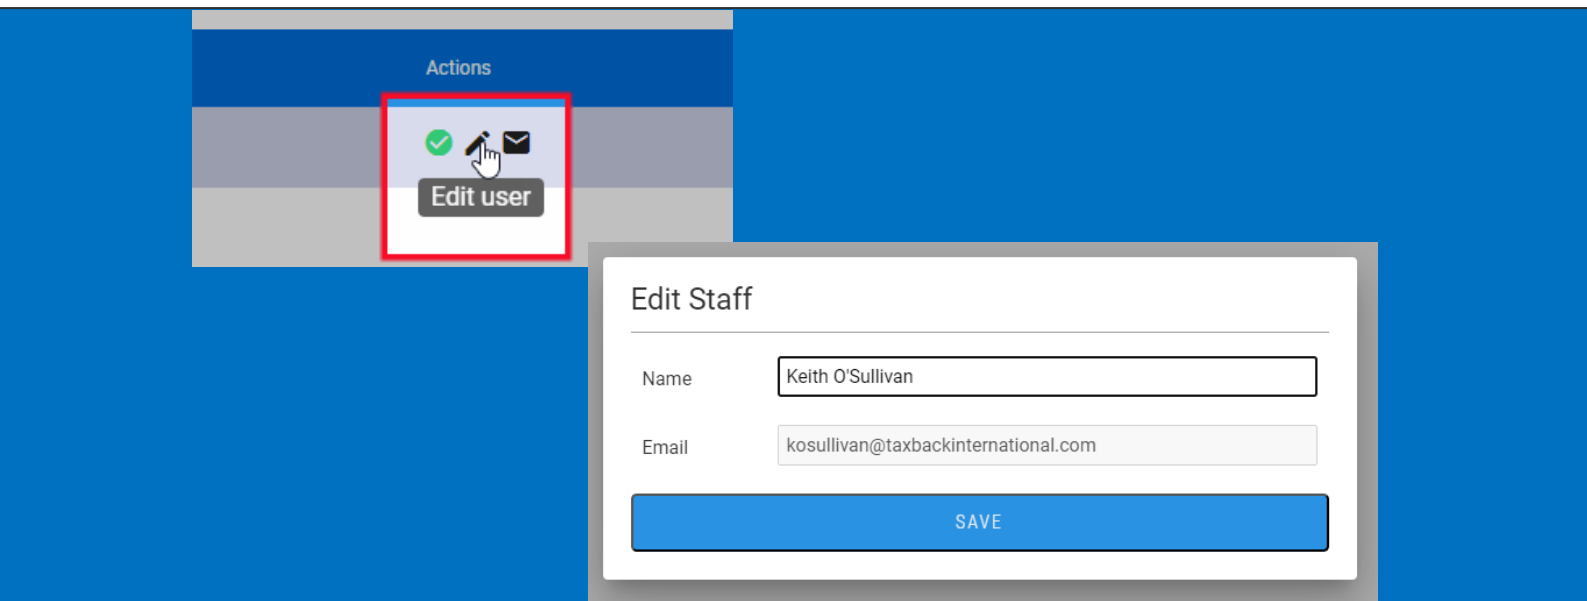

- Standard Users of Comply have permissions allowing them to perform standard Return specific tasks.
- Admin Users of Comply have permissions allowing them to perform more detailed admin and configuration tasks.

4.2.2. Activate/Deactivate User

- Activate/Deactivate user:

4.2.3. Edit User

4.2.4. Reset Password
