## Overview

The following releases notes are a high-level reflection of work completed during Fix Version 3.5.0. These include both clients facing and back-end updates.

The areas of focus for this release are as follows:

- UK MTD Integration
- API (Finland)
- Switzerland XML

# 1. UK MTD Integration

## 1.1. Overview

Comply has been updated to handle the MTD Integration in the UK. This sees the introduction of an API process with the HMRC to submit Returns digitally.

This process applies to the following Return Types:

- VAT Returns
- Annual VAT Returns

**Please Note:**

**VAT – Amendments are not included in this process as a Manual Form is required by HMRC.**

## 1.2. Declarations

There are 2 built-in mandatory declarations.

### Approver Declaration

This is displayed on returns which are at the status of "To Approve".

The screenshot shows the 'Return 291' interface. At the top, the status is 'To Approve', highlighted with a red box. A red dashed arrow points from this status to the 'Declaration' section at the bottom. The 'Declaration' section is also highlighted with a red box and contains the following text:

**Declaration**

By approving this return I confirm that the information contained in this return as being correct and complete to the best of my knowledge and belief and approve for submission to HRMS.

☐ I agree to the Declaration

At the bottom of the 'Declaration' section, there are three buttons: 'VIEW RETURN', 'APPROVE', and 'REJECT'. The 'APPROVE' button is disabled.

| Section | Description                                                                                   | Original Value | Submitted Value | Previous Period | Deviations | Previous Year | Attachments |
|---------|-----------------------------------------------------------------------------------------------|----------------|-----------------|-----------------|------------|---------------|-------------|
| Box 1   | VAT due on sales and other outputs                                                            | 0.00           | 0.00            | 0               |            | 0             |             |
| Box 2   | VAT due in the period on acquisitions of goods made in Northern Ireland From EU Member States | 0.00           | 0.00            | 0               |            | 0             |             |
| Box 3   | Total VAT due (this is the total of boxes 1 and 2)                                            | 0.00           | 0.00            | 0               |            | 0             |             |
| Box 4   | VAT reclaimed in the period on purchases and other inputs (including...)                      | 0.00           | 0.00            | 0               |            | 0             |             |

The **Approve** button is disabled until this declaration is checked.

An error message is displayed if the user tries to approve without checking the declaration.

The screenshot shows an error message dialog box with a warning icon and the text:

**You must check the box to acknowledge the declaration**

Below the dialog box, the text 'Filing Deadline' is visible.

## Submitter Declarations

This is displayed on returns which are at the status of "To Submit".

The screenshot shows the 'Return 291' interface. At the top, a summary bar displays: Jurisdiction: United Kingdom, Entry: UK-1-11, Type: VAT Return, Frequency: Quarterly, Period: Jul-Sep 2023, Status: To Submit (highlighted with a red box), and Filing Deadline: 2023-11-07. Below this, a red dashed arrow points from the 'Status: To Submit' box down to the 'Declaration' section. The 'Declaration' section is also highlighted with a red box and contains the text: 'When you submit this VAT information you are making a legal declaration that the information is true and complete. A false declaration can result in prosecution.' Below this text is a checkbox labeled 'I agree to the Declaration' which is currently unchecked. At the bottom of the declaration section are three buttons: 'RETURN TO PREPARE', 'VIEW RETURN', and 'SUBMIT' (which is disabled).

| Section | Description                                                                                   | Original Value | Submitted Value | Previous Period | Deviations | Previous Year | Attachments |
|---------|-----------------------------------------------------------------------------------------------|----------------|-----------------|-----------------|------------|---------------|-------------|
| Box 1   | VAT due on sales and other outputs                                                            | 0.00           | 0.00            | 0               | 0          | 0             |             |
| Box 2   | VAT due in the period on acquisitions of goods made in Northern Ireland from EU Member States | 0.00           | 0.00            | 0               | 0          | 0             |             |
| Box 3   | Total VAT due (this is the total of boxes 1 and 2)                                            | 0.00           | 0.00            | 0               | 0          | 0             |             |
| Box 4   | VAT reclaimed in the period on purchases and other inputs (excluding...)                      | 0.00           | 0.00            | 0               | 0          | 0             |             |

The **Submit** button is disabled until this declaration is checked.

An error message is displayed if the user tries to approve without checking the declaration.

The screenshot shows an error message overlay with a warning icon and the text: 'You must check the box to acknowledge the declaration'. Below the message is a 'Filing Deadline' label.

### Audit History

Once the user checks a declaration and clicks Approve, this automatically adds a log of the agreement in the Audit History.

**Declaration**

When you submit this VAT information you are making a legal declaration that the information is true and complete. A false declaration can result in prosecution.

☒ I agree to the Declaration

#### Agent/TBI User

**Declaration**

I confirm that my client has received a copy of the information contained in this return and approved the information as being correct and complete to the best of their knowledge and belief.

☐ I agree to the Declaration

## 1.3. Submission Flow

After clicking Submit, 1 of 2 potential pop-up messages will be displayed:

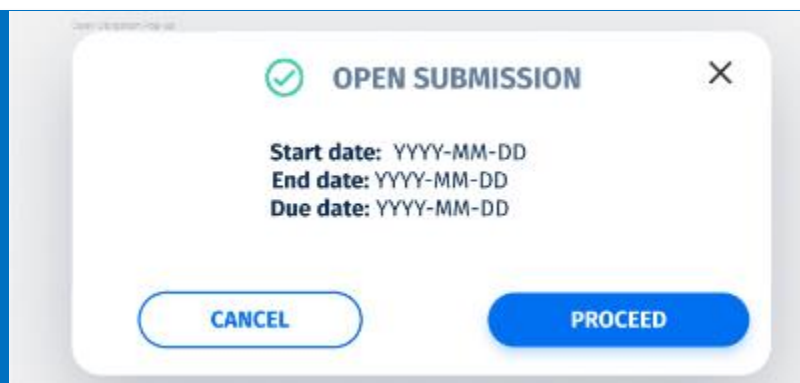

- **Open Submission** – This confirms the correct submission is being filed.
- **Fulfilled Submission** – This confirms a filing has already been submitted.

### 1.3.1. Open Submission

1. Click **Submit**.

Once the user clicks the **Submit** button, a pop-up notification will be displayed confirming the Open Submission and includes:

- Return Start Date
- Return End Date
- Return Due Date

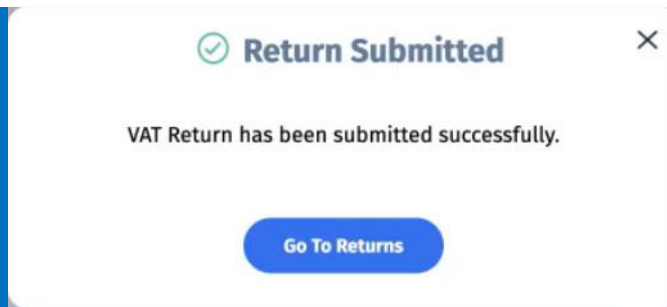

This is displayed so that the user is aware that they are filing a return for the correct period and are happy to proceed to submit to HMRC.

### 1.3.2. Successful Submission Flow

Providing the submitted file passes HMRC validation, the following 4 actions are triggered in Comply:

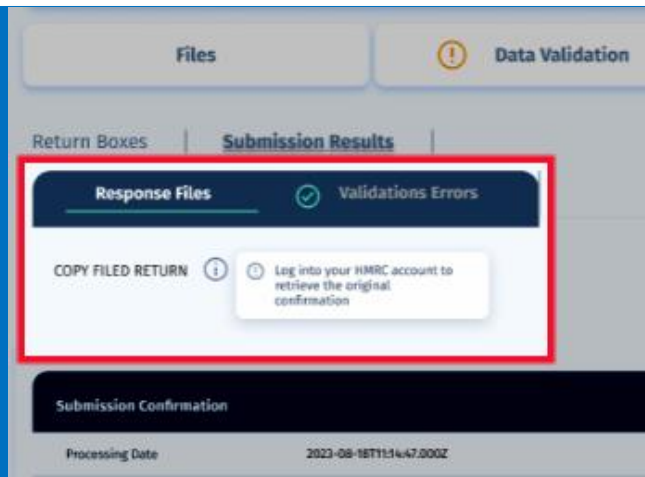

#### Submitted Pop Up

A pop-up notification confirms that the return has been submitted.

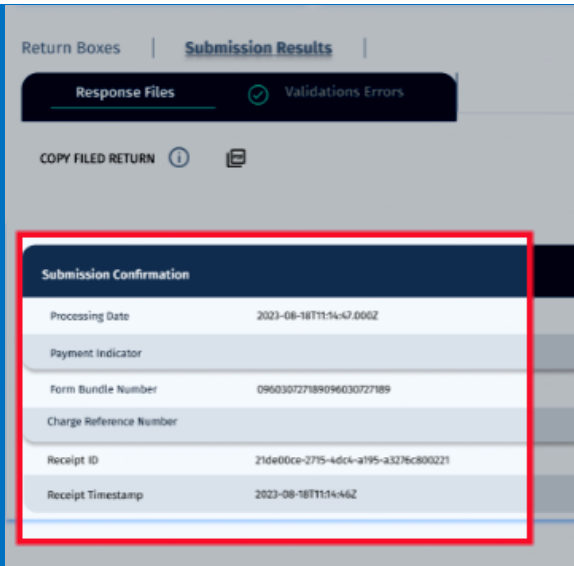

#### Response File

A PDF Copy of the Filed Return (as produced by HMRC) is populated in the **Response Files tab** of the Submission Results. This will also provide and information on where to locate the original file.

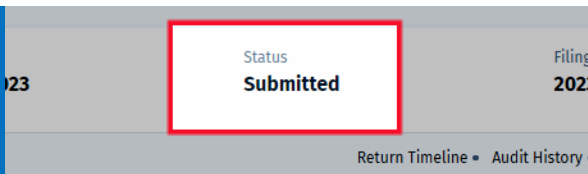

### Submission Confirmation

A table populated with the HMRC Submission Confirmation details is displayed in the **Submission Results** tab on the Return Review Screen.

### Status Change

The status of the Return will automatically change to **“Submitted”**.

### Audit History

A log of the Submitted return event will be added to the Audit History.

### 1.3.3. Failed Submission Flow

Submission failure may occur for the following reasons:

- Filing Obligation (HMRC)
- Data Validation (HMRC)

### 1.3.4. Filing Obligation

After clicking Submit, an Obligation validation is triggered. This checks if the data being submitted is for a required return for that period.

An error message is displayed if:

- The return for that period has already been submitted.
- There is no obligation required for the period details in the submitted file.

**\*\*\*Add Screenshot here\*\*\***

The following actions are triggered in Comply.

- The Status is changed to Submission Failed.
- A log in added to the Audit History.

### 1.3.5. Data Validation

This occurs where the data submitted does not pass the HMRCs data validation step. There may be issues with the data.

1. When the users Clicks **Submit**.
2. HMRC identifies issues with the Data submitted.
3. This triggers the following simultaneous actions in Comply:
  - An **Error Message** is displayed in Comply.
  - The status changes to **Submission Failed**.

Status  
**Submission Failed**

- The table of errors is populated in **Submission Results**.

## 2. API (Finland)

### 2.1. Overview

An API integration is now available in Comply which allows the submission of returns to the Finnish Tax Authority.

#### 2.1.1. Return Types

The following Return Types only can be submitted via API.

- VAT Returns
- EC Sales

## 2.2. Submission Flow

The API submission process begins when the status on a return is at **"To Submit"** and the **Submit** button is available.

The screenshot shows the VAT Return submission interface. At the top, the status is **To Submit** and the filing deadline is **2023-08-14**. The next action due is by 2023-08-14. The interface includes tabs for **Files**, **Data Validation**, **Transactions**, **Return Validation**, and **Return Review**. Below these tabs, there are links for **Return Boxes** and **Submission Results**. The **Return Boxes** section is active, showing a table with columns: **Section**, **Description**, **Original Value**, **Submitted Value**, **Previous Period**, **Deviations**, **Previous Year**, and **Attachments**. The table lists five boxes (Box 1 to Box 5) with their respective descriptions and values. At the bottom, there are buttons for **RETURN "TO PREPARE"**, **CREATE RETURN BOXES**, **VIEW RETURN**, and **SUBMIT**. The **SUBMIT** button is highlighted with a red box and a dashed red arrow pointing to it from the **To Submit** status box.

| Section | Description                                             | Original Value | Submitted Value | Previous Period | Deviations | Previous Year | Attachments |
|---------|---------------------------------------------------------|----------------|-----------------|-----------------|------------|---------------|-------------|
| Box 1   | Tax on domestic sale 24% VAT                            | 0.00           | 0.00            | 0               |            | 0             |             |

| Box 5   | VAT on services purchased from another EU Member States | 0.00           | 0.00            | 0               |            | 0             |             |

Once the user clicks **Submit**, the **Return Submitted Pop-Up** is displayed. This outlines that the Return has been submitted to the Tax Authority for processing.

The screenshot shows a **Return Submitted** pop-up message. It features a green checkmark icon, the text **Return Submitted**, and a message: **VAT Return submitted to TA for processing.** Below the message is a button labeled **Go To Returns**.

The Status of the Return changes to **Submitted to TA for Processing**.

### 2.2.2. Failed Submission Flow

The submission may fail for different reasons. These could include:

- Server/API Error
- Validation
- Tax Authority Data Validation

#### Server/API Error

The following are triggered if the API fails (server error etc).

- Error Pop-Up
- Email Notification
- Submission Status changes to **Submission Failed**

#### Return Validation

The following are triggered where the API response from the Tax Authority is:

- Expired
  - Error Pop-Up
  - Email Notification
  - Submission Status changes to **Submission Failed**
  - Log added to Audit History
- Missing (E.g., No Reg)
  - Error Pop-Up
  - Submission Status changes to **Submission Failed**
  - Log added to Audit History

In any case where the Submission Status changes to Submission Failed, the user can:

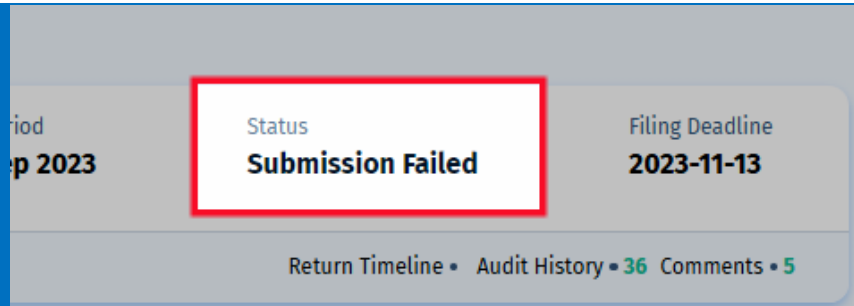

- Make the relevant changes and click **Submit**.
- Or
- Click **Return to To Prepare**, make the changes, process through workflow, and resubmit.

### Tax Authority Data Validation

The following are triggered simultaneously where the Tax Authority data validation finds errors in/missing data.

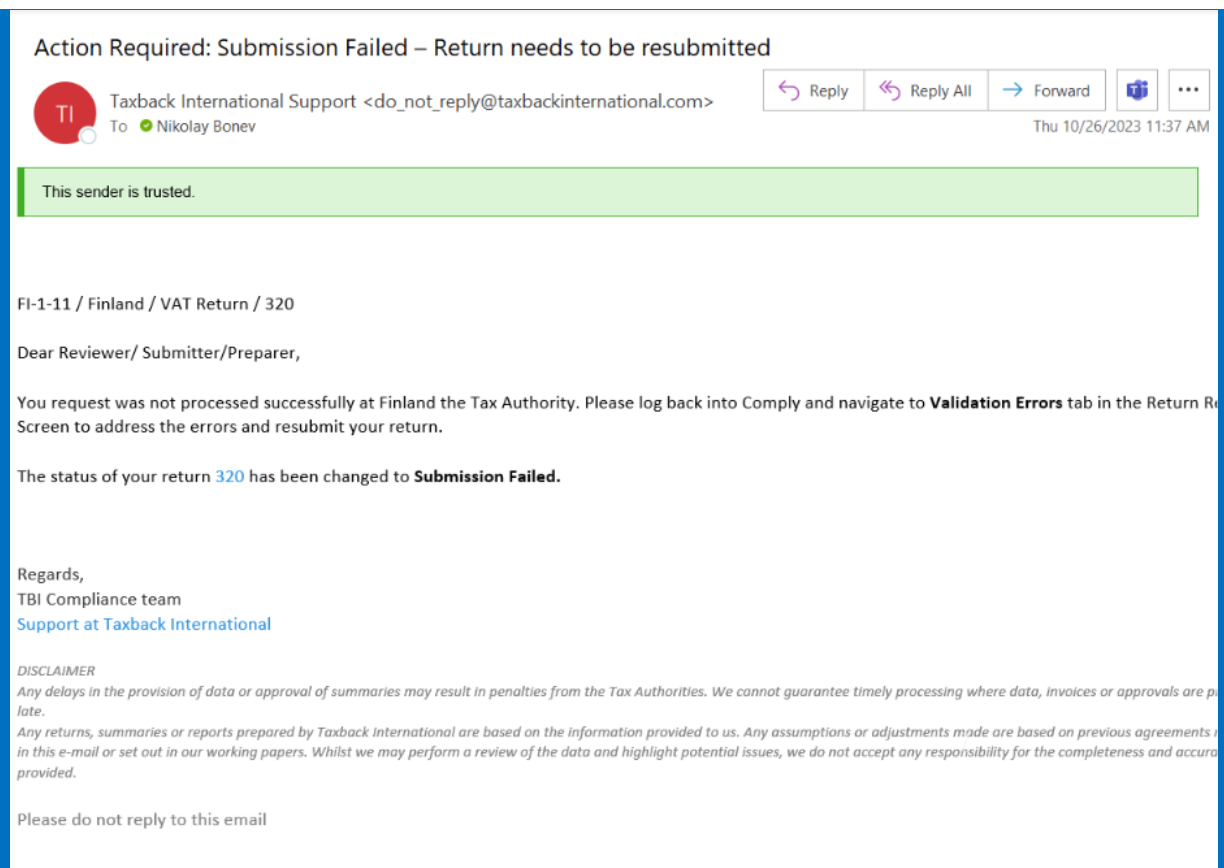

#### Status Change

The status of the return in Comply changes to **Submission Failed**.

#### Email Notification

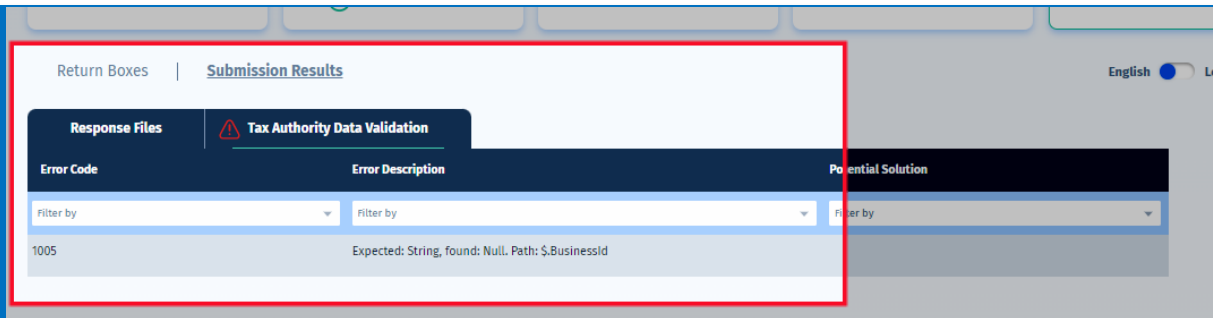

The following Email notification is sent to the Reviewer/Submitter/Preparer.

### Submission Results

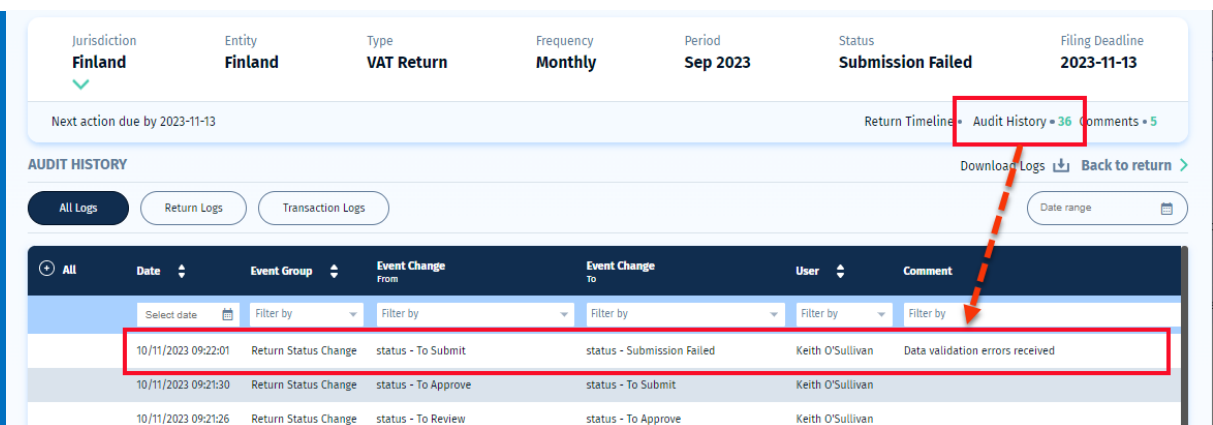

The Submission Results tab on the Return Review screen is updated. This includes:

- Error Icon in the Tax Authority Data Validation tab.
- Error Code and Description are added to the table.

### Audit History

A log is added to the Audit History.

Return to “To Prepare” and “Submit” buttons.

Both these buttons are activated.

## Resubmit the updated return.

Once the user has reviewed the data validation errors, they should:

1. Select the Return to “To Prepare” button.
2. With the status at “To Prepare”, make the necessary changes.
3. Process the return through the relevant workflow steps (Review/Approve).
4. Click Submit.

### 3. M Sheet (Hungary)

When filing a VAT Return/Amendment VAT Return for Hungary, a relevant additional M Sheet box will be generated for the Return.

Example:

The requirement is to generate the **List Purchases** box, which will be generated and displayed in the Return Review tab (Numerical Boxes) in Comply.

### 3.1. List Purchases Numerical Box

Once the Data has been uploaded (via API or File Upload), the data goes through the relevant data validation and generates the relevant boxes.

#### Navigate to: Return > Return Review > Numerical Boxes

The new boxes are generated at the bottom of the Numerical Boxes list, so the user will be required to scroll to locate them.

The screenshot displays the 'Return 427' interface in the Comply software. At the top, a summary bar shows: Jurisdiction: Hungary, Entity: testovoentity, Type: VAT Return, Frequency: Monthly, Period: Oct 2022, Status: To Prepare, and Filing Deadline: 2022-11-21. Below this, a row of buttons includes 'Files', 'Data Validation', 'Transactions', 'Return Validation', and 'Return Review' (which is highlighted with a red box). A red dashed arrow points from the 'Return Review' button to the 'List Purchases' row in the table below.

The 'Return Boxes' section is divided into 'Numerical Boxes' and 'Non-Numerical Boxes'. The 'Numerical Boxes' table has the following columns: Section, Description, Original Value, Submitted Value, Previous Period, Deviations, Previous Year, and Attachments. The table lists three boxes:

| Section        | Description                                                                                    | Original Value | Submitted Value | Previous Period | Deviations | Previous Year | Attachments |

The 'List Purchases' row is highlighted with a red box. At the bottom right of the interface is a 'VIEW RETURN' button.

Please note: Only Preparers/Reviewers can make changes to information in the List Purchases boxes.

This **List Purchases** numerical box can be viewed by clicking the **Eye** icon.

However, each row can be expanded. To do this, you can simply click the  icon on any/each row.

Once expanded, each purchase transaction is now displayed for the selected supplier.

The screenshot shows a window titled "DECLARATION DETAILS - list purchases" with a "Download" button in the top right. The table has columns: Line Number, Supplier VAT Number, Supplier Name, Invoice Number, Date Of Receipt, Tax base amount, Tax amount, and Difference due to advance payment. The first transaction is expanded, showing a list of line items (1-6) for Coca Cola Company. A red box highlights the first transaction row, and a red minus icon is shown in a tooltip.

After clicking the Eye icon, this opens the Declaration Details - List Purchases box.

1. This table can be filtered using the filter options across the columns.
2. If you are a Preparer or Reviewer, the check box options are visible and allow you to select one (or more) rows to be edited.
3. The scroll bar allows you scroll horizontally to view all columns in the table.
4. The user can choose to display 15/30/50 rows per page.

### 3.7. Search & Filter

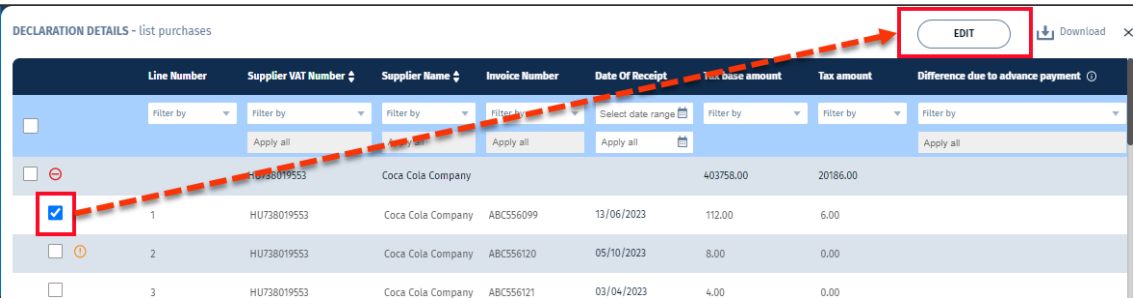

The user can search and filter the List Sales/List Purchases Screen using the Search and Filter options on the headers of columns.

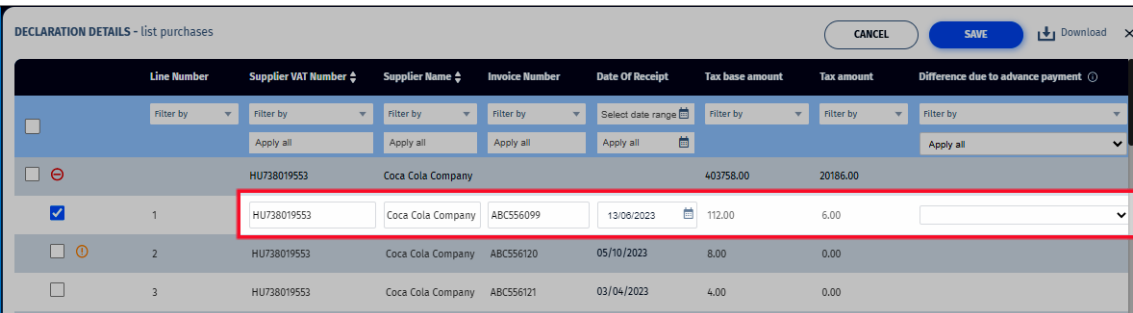

### 3.8. Edit

To edit any row:

1. Expand the relevant grouped row using the green + button and locate the relevant Transaction/Transactions to be edited.
2. Click the **Check box(s)**.
3. Click the **Edit** button.

This will open only the columns which are available for editing.

### 3.8.1. Example: Edit Supplier VAT Number

The user can elect to change the Supplier VAT number for either one row, multiple rows or Apply to All rows.

#### Edit 1 Row

1. Tick the check box on the relevant row.
2. Click the **Edit** button.

## 4.7. List Purchases Numerical Box (Hungary)

The Numerical Box **List Purchases** has been added to the Numerical Boxes in the Return Review screen.

The screenshot shows the 'Return Review' screen for Hungary. The 'Jurisdiction' is set to 'Hungary' with a green checkmark. The 'Entity' is 'HU-1-11', 'Type' is 'VAT Return', and 'Frequency' is 'Monthly'. Below this, there are buttons for 'Files', 'Data Validation', and 'Transactions'. The 'Return Boxes' section is active, showing a table with 'Numerical Boxes' and 'Non-Numerical Boxes'. The 'List Purchases' box is highlighted with a red border.

### 4.7.1. Editing List Columns

Changes can be made to the relevant list columns in the List Purchases box using the Edit functionality. *Any changes made here will be automatically reflected in the Transaction Tab on the Return Screen.*

The screenshot shows the 'DECLARATION DETAILS - list purchases' screen. It features a table with columns: Line Number, Supplier VAT Number, Supplier Name, Invoice Number, Date Of Receipt, Tax base amount, Tax amount, and Difference due to advance payment. The table lists several suppliers, including Coca Cola Company, Derby Chudo I Prika, Humpty Dumpty EOI, Pepsi Zero Rated, and The Chocolate's Deli. The 'Derby Chudo I Prika' row is selected, and its details are shown in a modal window.
